Over the last few years I have been consulting as F1 Flash Development, where I have experienced a wide variety of Flash, Flex and AIR application development. Much of the work I do focuses on Flash (or Flex) and server-side integration: php/mysql, various REST APIs, Facebook's Graph API, rss, xml, etc.

Flash Developer

2006 NCompass International - Los Angeles, CA

Worked on a team of 3 Flash Developers to create flash applications, web sites, components, and other tools for clients and internal use.

Senior Flash Developer / Lead Programmer

August 2003 — April 2006 Heavenspot - Los Angeles, CA

Developed flash web sites, applications, content management systems, games, and more for clients such as New Line Cinema, Red Bull, Endemol, SiTV and more.

Honors and Awards:

2004 Communication Arts Interactive Design Annual Award winner for work on www.chrismcpherson.com
